THE BEST RESOURCE FOR UPDATES AND INFORMATION

Yes, we help with Transportation and Facility Rentals!

Did you know EFS can help your Facilities and Transportation Departments? Whether collecting bus fees, taking payment for field trips or renting out the district swimming pool, EFS' online, onsite and mobile platforms provides a smooth transaction regardless of payment preference.

- **Mobile App Ready** If your school currently has a parent and student Mobile App, you can easily add links to our Mobile App interface, so payment processing is convenient to everyone involved.
- **AutoPay** Great for parents and organizations with busy schedules, Auto Charge is the EFS AutoPay service for your transportation and facility rental fees.
- **Credit Card/Debit Card** EFS can accept Visa, MasterCard, American Express and Discover for all transportation and facility rental payments. Your department has an option to absorb all costs charged by credit card merchants, require parents pay for the service or implement a shared-cost plan.

~ New accounts will have to be created for a user/parent who has not logged into the e-Funds for School's system in the last two years. To remain compliant with VISA and MasterCard we cannot store inactive parent accounts beyond two years. We are starting to see deleted parent accounts more recently due to the fact that many school districts have been providing free meals as a result of the Covid 19 pandemic. Please be assured that when the parent accounts were deleted, there was no

impact on any funds in the students meal accounts. The funds in a student's account are tied to them by their student number, not the parent's EFS Account. If you need help making a new account, please feel free to [contact us](#).

~ We now have a QR code payment solution for quick and easy payments. Use our easy guide to learn how it works.
